

VANDERBILT-INGRAM CANCER CENTER
invites you to the 7th Annual

Neurofibromatosis

PATIENT & FAMILY SYMPOSIUM

Celebrating seven years of providing a community through education and specialized support for NF patients and their families. Topics will focus on NF-related issues for both adults and children.

Join us for our annual virtual symposium, led this year by our new Director of the Vanderbilt NF Clinic, Dr. Alex Mohler.

Saturday, August 24, 2024
8:30am-11:30am CT

For more details and to register:
<https://nfsymposium2024.eventbrite.com>

Virtual via Microsoft Teams

Questions? Call Julie at 615-936-5706 or
julie.bulger@vumc.org

Closed captioning will be available. This free event is open to anyone impacted by neurofibromatosis and their caregivers, regardless of where care has been received.
